97 West 169th Street RFP Addendum

RFP Issue Date: December 21, 2018
Pre-submission Conference Date: January 25, 2019
Addendum 1 Issue Date: February 19, 2019
Addendum 2 Issue Date: March 13, 2019

Contents of the Addendum

A. Questions and Answers – Enclosed are questions sent to the 97 West 169th Street RFP email address and responses to those questions.

B. Contact Information - Contact information is provided for those individuals who attended the site visit and indicated their willingness to share their contact information.

General Questions

Q1: Should RFP respondents assume either 4% bond financing or 9% competitive tax credit financing? Is there a preference for one over the other?
A1: Respondents may assume either 4% or 9% Low Income Housing Tax Credits (LIHTC), so long as they are able to show that it is realistic and feasible for the proposed project. If proposing to use 9% tax credits, submissions must submit historical letters of interest or award letters for similar projects financed within the past seven years. There is no preference for using either type of tax credit program.

Q2: Can we obtain the contour dwg files or any other digital data available?
A2: The contour map was made using shapefiles of a planimetric basemap layer containing citywide 2-foot contour line features and is hosted on the NYC Open Data website at this link: https://data.cityofnewyork.us/City-Government/Contours/3cdm-p29e. A dwg file is not available of the contour lines.

B. Contact Information - Contact information is provided for those individuals who attended the site visit and indicated their willingness to share their contact information.
