A. Questions and Answers – Enclosed are questions sent to the 97 West 169th Street RFP email address and responses to those questions.

General Questions

Q1: Is there a particular reason why our real estate attorney must have condominium experience (see page 19 of the RFP)? We don't plan on having any condo retail/community facility space. Are we missing condominium space as a requirement?

A1: The proposed project may include a condominium, but it is not required. The development team's real estate attorney should have experience with elements that are in the proposed project.

Q2: The RFP references an E-4 excel sheet for Commercial Management Experience, if applicable. Where can we find that form?

A2: There is no Form e-4 included with the RFP. Commercial management experience can be listed in the format you prefer.

Q3: Will any of the questions submitted by applicants and their answers be posted on the HPD RFP website?

A3: Yes, question that were asked at the 97 West 169th Street RFP pre-submission conference and questions sent to the 97 West 169th Street RFP e-mail address, along with responses to all questions, are posted on the webpage for the 97 West 169th Street RFP.
